

## Mindset Opinionaire

Mark “A” in the blank if you Agree with the statement. Mark “D” in the blank if you disagree with the statement. Be prepared to defend your responses with evidence from your life and the world.

1. \_\_\_\_ Some people are just naturally more intelligent than other people.
2. \_\_\_\_ Effort is the path to mastery.
3. \_\_\_\_ Any person can get better at something by trying.
4. \_\_\_\_ Success is the best measure of intelligence.
5. \_\_\_\_ Teachers and students have equal responsibility for making sure students learn.
6. \_\_\_\_ Intelligence can be developed.
7. \_\_\_\_ We should not tell students they are smart.
8. \_\_\_\_ Smart people succeed without effort.
9. \_\_\_\_ When completing a difficult task, the outcome is not important.
10. \_\_\_\_ An important part of a teacher’s job is figuring out if the students can learn what he or she is trying to teach them.
11. \_\_\_\_ The best way to be successful is to learn from others.
